

Invitation to Tender - Ternopilmiskteplokomunenergo

Procurement ref: “Individual Heat Substations – Ternopil”.

Country: Ukraine

Funding sources: Nordic Environment Finance Corporation (NEFCO) and Swedish International Development Cooperation Agency (Sida)

Issue date: 2016-04-04

Deadline for tenderers’ confirmation of participation: 2016-04-18

Site visit and pre-tender meeting: 2016-04-20

Deadline for request for clarifications: 2016-04-27

Tender Submission Deadline: 2016-05-19, 11.00 local time

Tender Opening: 2016-05-19, 11.00 local time

This Invitation to Tender follows the General information about procurement under DemoUkrainaDH, available on <http://www.demo-dh.org.ua/en/procurement.html>.

Purchaser:

Municipal company: “Ternopilmiskteplokomunenergo”
of Ternopil City Council (MC TMTKE)
Address: I.Franka str. 16, Ternopil, 46001

The project organisation during the tender period will consist of employees from the Purchaser assisted by consultants from ÅF-Industry AB, Sweden.

Project:

The Purchaser intends to procure, install and put into operation new equipment in Individual Heating Substations (IHS) – in direct translation into Russian language Individual Thermo Points (ITP). The Contract includes delivery of the equipment and materials, installation, commissioning of the equipment and training as well as support to the Purchaser in preparation of Design Documentation. The main part of the Scope of Supply is:

- Twenty-five (25) Individual Heat Substations (IHS)

Tendering and Contracting Procedures:

The Purchaser intends using a grant from Swedish International Development Cooperation Agency (Sida), administered by NEFCO, own contribution and proceeds of a loan from Nordic Environment Finance Corporation (NEFCO), for eligible payments under the Contract for which this Invitation to Tender is issued.

The contract will be a Supply and Install contract based on Orgalime SI 14. The project implementation period is June – October 2016 with intended commissioning as soon as possible after start of heating season 2016.

The tendering procedure and the contract will be subject to NEFCO’s Procurement Guidelines, which follow internationally recognised practices applied by International Financial Institutions (IFIs). The tender is open to firms from any country, provided that the firm is not ineligible or prohibited from bidding under national or international law.

The tender evaluation will in addition to the tender price include assessment of the offered plant and equipment and compliance with the DemoUkrainaDH objectives as a demonstration project.

The tenderer must meet following qualification criteria, further detailed in the Tender Documents:

- To have completed at least 5 similar projects including supply and installation of IHS during the past 3 years
- To have an average annual turnover for the past 3 years of at least 3 million €/year
- To have an available service organisation in Ukraine
