If a PP fails to inform the LP of any deviation from the project data, the LP is then entitled to refuse to include in the project report the costs of this partner that are connected to such deviations and/or that result in an overspending of the approved budget of this partner. Similarly, if a PP fails to provide the necessary input for the preparation of the project reports within the deadline agreed with the LP, the LP may refuse to report the costs of this PP to the programme, in agreement with the JS/MA.

§ 6 Working languages

The official language of the partnership shall be English as for the URBACT IV Operational Programme. Internal agreements must be made regarding provisions for interpreting between English language and other languages at seminars and workshops if necessary. § 7 Budgetary principles

7.1 The Lead Partner is the sole responsible party toward the Managing Authority for the budgetary and financial management of the project. 7.2 The project budget approved by the Monitoring Committee shall determine the sum total of eligible expenditure, as well as its breakdown into the various items of expenditure.

7.3 As indicated in the Terms of References of the call, projects can be stopped if they are considered to be of poor quality. If the network is stopped, the project will be allowed to declare total eligible

expenditure incurred. The ERDF and IPA/NDICI (if needed) co-financing will be calculated by applying the Project Partners funding rate to the claimed eligible expenditure.

7.4 The Lead Partner must ensure the correctness of the accounting and financial reports and documents drawn up by the Project Partners. The Lead Partner may request further information, documentation and evidence from the Project Partners to that effect.

7.5 Every Project Partner shall be held responsible for its budget up to the amount as to which it participates in the operation and pledges to release its part of the co-funding.

7.6 Every Project Partner commits to keeping separate accounts solely used for the project or at least a project code to identify costs linked to the project. The official currency of the programme is € and all payment of ERDF and IPA/NDICI will be made in euro.

7.7 All partners, including the Lead Partner, are obliged to have their accounting certified by a first level controller independent of the project's activities. The signed certificates and statements of expenditure shall be submitted by the Project Partners to the Lead Partner, in accordance with the schedule and requirements stipulated by the Lead Partner. If required by the Lead Partner, these documents shall include copies of all pieces of evidence (invoices, documents related to tender, bank statements, etc.

7.8 The Lead Partner is responsible for sending to the Managing Authority/URBACT Secretariat the project's certificates and statements of expenditure and the payment claim in accordance with the timing and procedures described in the Programme manual. The Lead Partner is also responsible for receiving the ERDF and IPA/NDICI payment by the Certifying Authority and for refunding in a due time the PP on the basis of their certified expenditure.

7.9 In default of evidence or in the event of non-fulfilment of the rules concerning eligibility of expenditure, the Lead Partner shall ask the Project Partners to redraft the submitted financial documents. In case of repeated non-fulfilment, the Lead Partner shall inform the URBACT Secretariat who shall provide its assistance to solve the issue. If necessary, and with the consensus of the URBACT Secretariat, the Lead Partner may be entitled to deny the expenditure declared by a Project Partner. When taking this decision, the Lead Partner is obliged to inform both the Project Partner concerned and the URBACT Secretariat regarding the denial of the expenditure declared and the reasons behind.

7.10 In the event of total or partial incompleteness of the obligations of any of the Project Partners or in the event of material errors in the effective execution of project activities, each cosignatory member of the present Joint Convention undertakes to reimburse the Lead Partner any funds that have been unduly received. Such reimbursement shall be made within a reasonable period not exceeding forty-five (45) calendar days from the date of the written notification by the Lead Partner, unless a different deadline is agreed in writing between the Lead Partner and the Project Partner concerned. Any failure to reimburse within the above-mentioned deadline may result in the suspension of further payments to the Project Partner concerned, without prejudice to any other remedies available to the Lead Partner. The reimbursement obligation shall apply irrespective of whether the irregularity is identified by the Lead Partner, the First Level Controller, the Managing Authority, the Audit Authority or any other competent control body.

7.11 Every Project Partner is obliged to promptly inform the Lead Partner and to provide the latter with all the useful details should there be events that could jeopardise the implementation of the project.

7.12 Should one of the Project Partners be in default, the Lead Partner shall require them to comply within a reasonable period of time (one month maximum).

7.13 Should the non-fulfilment of obligations continue, the Lead Partner may decide to debar the Project Partner concerned from the project. The Managing Authority shall be promptly informed of such a decision. The debarred partner is obliged to refund to the Lead Partner any Programme funds received which they cannot prove on the day of debarring that they used for the implementation of the project according to the definition of eligible expenses stated in the Programme rules.

7.14 In cases where the non-fulfilment of a partner's obligations has financial consequences for the funding of the project as a whole, the Lead Partner may demand compensation to cover the sum involved.

7.15 Should the Managing Authority be forced to reduce or discontinue the grant and should this entail full or partial refunding of the URBACT IV Operational Programme funds already transferred, every Project Partner is obliged to refund the funds (by way of the Lead Partner) according to the final financial settlement.

7.16 In order to avoid that in the situation described under Article 7.15 only the Lead Partner has to bring the financial consequences of the budget reduction, the final financial settlement, drawn up on the basis of the final expenditure certificate approved or denied by Managing Authority, shall show, both for the overall project as well as for every partner, the status of the eligible expenses approved by the Monitoring Committee. This determines the amount every partner and the Lead Partner must refund should the Managing Authority claim such funds from the project (by way of the Lead Partner).

§ 8 Financial management system

The Lead Partner and the Project Partners agree to implement the Project under a decentralised financial management system, in accordance with the URBACT IV Programme rules and the approved Application Form.

Under this system, each Project Partner shall be individually responsible for the management, implementation, accounting, first level control and reporting of the expenditure incurred under its own budget, in compliance with EU, Programme and applicable national rules. Each Project Partner shall ensure sufficient liquidity to pre-finance its activities, as the URBACT IV Programme operates on a reimbursement basis.

The Lead Partner shall act as the single beneficiary towards the Managing Authority and shall receive the ERDF, IPA and NDICI funds on behalf of the partnership, following the approval of the consolidated project financial reports. The Lead Partner shall subsequently transfer the corresponding amounts to each Project Partner without undue delay, on the basis of the certified and approved expenditure. Transfers to Project Partners shall normally be executed within 30 calendar days from receipt of the funds by the Lead Partner, unless otherwise justified.

The Lead Partner shall be responsible for the coordination, verification of completeness and consolidation of the financial reports submitted by the Project Partners, as well as for the submission of the consolidated payment claims to the Managing Authority/URBACT Secretariat.

Each Project Partner shall remain fully and exclusively responsible for the legality, regularity and eligibility of the expenditure declared under its own budget and shall reimburse the Lead Partner for any amount unduly paid as a consequence of irregular, ineligible or non-certified expenditure.

§ 9 Modification to Work Programme and budget reallocation

9.1 According to the subsidy contract, the Lead Partner shall be obliged to request approval from the Managing Authority if the partnership, the activities or the budget of the project change. The URBACT Secretariat is responsible for the practical administration of changes within the running operations.

9.2 All minor changes (e.g. change in contact information, rescheduling of activities, small budget deviation) shall be reported to the URBACT Secretariat through the progress report.

9.3 Any major changes related to partnership (e.g. drop out or replacement of partners, etc.), to activities (e.g. extension of duration, change on the work programme, etc.) and to budget should as much as possible be avoided. However, when duly justified, these changes may be approved by the Monitoring Committee through a reprogramming procedure as described in the Programme manual.

9.4 As a basic rule, Lead Partner should inform the URBACT Secretariat as soon as they are aware of a possible major change in their project.

9.5 Before applying for a financial reallocation from one budget line to another, a change in the work programme, or any other major change in the framework of a reprogramming procedure, the Lead Partner shall obtain the approval of its Project Partners.

9.6 Any request for amendments to the project presented by the Lead Partner to the Monitoring Committee shall be authorised by the Project Partners beforehand.

§ 10 Progress Reports

10.1 Every Project Partner commits to provide the Lead Partner with the information needed to draw up progress reports (activity and financial), payment claims and other specific documents as required by the Monitoring Committee and Managing Authority. The Lead Partner must send to the Managing Authority the progress report, certificates and statements of expenditure of all partners and a global project payment claim within 3 months after the end of the yearly reporting periods. For this purpose, each partner commits to submit to the Lead Partner its certificates and statements of expenditure and the information needed to draw up progress reports within 1 month after the end of the yearly reporting periods. In order to ensure the accuracy of the provided documents and information, the Lead Partner shall make comments to the partners within 1 months after reception of the documents.

The project has 3 reporting rounds:

1st round: July - September 2026, for costs incurred until 30th June 2026

2nd round: July - September 2027, for costs incurred until 30th June 2027

3rd round: May - July 2028, for costs incurred until 30th April 2028

10.2 If required by Project Partners, the Lead Partner shall make available to Project Partners copies of progress reports, payment claims and other specific reports submitted to the Managing Authority.

10.3 The Lead Partner can require every Project Partner to provide additional information necessary or appropriate to draw up a report or to comply with a Monitoring Committee request for information or a request for information from any other authorised body.

10.4 The Lead Partner shall keep the Project Partners informed on a regular basis about all relevant communication between the Lead Partner and the Managing Authority/URBACT Secretariat, the Monitoring Committee and the Certifying Authority.

10.5 The reporting procedure shall be done according to the information provided in the Programme manual.

10.6 The first reporting period deadline for submission is September 2026.

§ 11 Verification and Record Keeping

11.1 Every Project Partner is obliged to keep the documents required for the verification of the implementation of the project and eligible expenses and to make them available for control to the competent bodies and institutions.

11.2 The Lead Partner as well as every Project Partner shall be, individually, obliged to keep and file all accounting documents and other documents on customary data storage media according to the rules outlined in the URBACT IV Operational Programme.

11.3 The national rules concerning the verification or the keeping of documents may vary and the stricter rules apply.

11.4 Both LP and PPs must provide access to the premises, documents and information, irrespective of the medium in which they are stored, for verifications by the MA, the JS, the AA, relevant national authorities, authorised representatives of the EC, the European Anti-Fraud Office, the European Court of Auditors, the Group of Auditors and any external auditor authorised by these institutions or bodies. These verifications may take place up to 5 years from 31 December of the year of the last payment from the programme to the LP or PP. The PPs must ensure that all original documents, or their certified copies, in line with the national legislation related to the implementation of the project, are made available until the above final date of possible verifications, and until any on-going audit, verification, appeal, litigation or pursuit of claim has been completed

§ 12 Information and Publicity Measures

12.1 The LP and the PPs must comply with the EU publicity rules as well as the communication requirements outlined in the programme manual (“Communication at network level”), and provide any material developed during the lifetime of the project that may be useful to publications at the programme level. Amongst others, these rules include the use of the URBACT IV logo in every document and output, printed or web; the display of an A3 poster presenting the network, URBACT IV logo and EU finance in the premises of each partner; and a news about the URBACT network on the institutional website of each partner.

12.2 The URBACT website is the main internet tool to communicate on the network and to regularly update the space dedicated to the project (ideally every month).

12.3 Any notice or publication by the project, including at a conference or a seminar, must specify that the network has received a subsidy from the ERDF and IPA/NDICI funds, and that it has been funded in the framework of the URBACT IV Operational Programme. The use of the URBACT IV logo shall be obligatory on all communication materials and tools produced within the framework of the co-financed networks. It is also necessary to indicate on all documents/products/reports that the project has been co-financed by ERDF and IPA/NDICI through the URBACT IV Operational Programme in addition to using the URBACT IV logo.

12.4 The partners agree that the Managing Authority/URBACT Secretariat shall be authorised in the framework of the URBACT IV Operational Programme to publish, in whatever form and on or by whatever medium, mainly on the URBACT website and a closed online coordination platform, the following information:

- the name of the Lead Partner and its partners,

- the amount granted and the proportion of the total cost of the project accounted for by the funding,
- the geographical location of the project,
- progress reports including the final report and all final outputs,
- whether and how the project has previously been publicised.

12.5 The LP and PPs ensure that any outcome and result produced during project implementation can be used by all interested parties and organisations, and are in the public interest and publicly available. Moreover, the PPs will support the LP and play an active role in any actions organised by the programme to disseminate and capitalise on project results.

§ 13 Co-operation with third parties

13.1 In the event of co-operation with third parties (public or private bodies), of delegation of part of the activities or of outsourcing, the Project Partners shall remain the sole responsible parties to the Lead

Partner and through the latter to the Managing Authority, concerning compliance with their obligations by virtue of the conditions set forth in this agreement.

13.2 The Project Partners can, should they deem it necessary or sensible, notify their local partners of this agreement.

13.3 No partner shall have the right to transfer his rights and obligations under the terms of this protocol without the prior consent of the other partners.

13.4 Should a PP not comply with its obligations, this PP must be solely responsible for damages and costs resulting from this non-compliance.

§ 14 Confidentiality

14.1 Although the nature of the implementation of this project is public, it has been agreed that part of the information exchanged in the context of its implementation between the Project Partners themselves or with the Monitoring Committee, can be confidential. Only documents and other elements explicitly provided with the statement “confidential” shall be regarded as such.

14.2 This mainly concerns studies that have been made available to one of the parties in the context of the project concerning methods, know how, files or any other type of document labelled confidential. This information can only be used by the partners according to the provisions of this agreement.

14.3 The Project Partners commit to taking measures so that all staff members carrying out the work respect the confidential nature of this information, and do not disseminate it, pass it on to third parties or use it without prior written consent of the Lead Partner and the partner institution that provided the information.

14.4 The Project Partners commit to taking the same measures to maintain the confidential nature of the information, as they would do should it concern their own confidential information.

14.5 The information below is not covered by the confidentiality clause:

- information that is publicly disseminated without the publication being caused by default on the part of one of the PP concerning his obligation to observe confidentiality;
- information which, with all appropriate means, the disseminating partner can prove that it possessed prior to the project.

14.6 This confidentiality clause shall remain in force for two years following the termination of this agreement.

§ 15 Results of joint activities

15.1 The result of the joint activities covered by the agreement concerning reports, documents, studies, electronic data and other products, be they disseminated free of charge or commercially, are the joint property of the partners but remain freely available for Programme use.

15.2 The Project Partners dispose of the property in accordance with rules mutually agreed upon, based on the prevailing rules of co-authorship.

15.3 The Project Partners explicitly commit themselves, and without a time limit, to state that the implementation has taken place with the co-operation of the URBACT IV Operational Programme.

§ 16 Amendment of this partnership agreement

16.1 This agreement shall only be amended by means of an annex to that effect signed by all parties involved.

16.2 Modifications to the project (time schedule, budget) that have been approved by the Monitoring Committee can be carried out without amending this agreement.

16.3 Modifications to the official programme documents this agreement refers to (e.g. Operational Programme, Programme manual, etc.), if approved by the Monitoring Committee and, when relevant, by the European Commission, automatically apply to this agreement without amending it.

§ 17 Legal succession

17.1 The Lead Partner is allowed to assign its duties and rights under this contract only after prior written consent of the Managing Authority and the Monitoring Committee.

17.2 In cases of legal succession (e.g. where the Lead Partner changes its legal form), the Lead Partner is obliged to transfer all duties under this contract to the legal successor. The Lead Partner shall notify the Managing Authority about any change beforehand.

§ 18 Translation languages

This agreement and its annexes shall be provided in English. In case of translation of this document into another language, the English version shall be the binding one.

§ 19 Modifications, withdrawal from obligations

The LP and each PP agree not to withdraw from the project unless there are unavoidable reasons for doing so. Should this nonetheless happen, the LP and the remaining PPs must find a solution in agreement with the rules and procedures as described in the programme manual.

Should a PP fail to comply with its obligations under this partnership agreement, the partnership may decide as a last resort to remove this PP from the project and request modifications as outlined in the programme manual.

The LP can, if necessary, request modifications of the project data to the JS/ MA or other relevant programme body. Any modifications requested, including budget, partnership and operational changes,

must be agreed and authorised by the PPs beforehand, according to pre-agreed rules of procedure or other decision-making mechanism established in the partnership.

The LP and PPs must strictly follow the provisions of the programme manual when requesting and/or implementing modifications in the project.

§ 20 Dispute settlement

Disputes arising between PPs or between the LP and PP/PPs concerning their contractual relationship and, more specifically, the interpretation, performance and termination of this agreement should strive to be resolved amicably. Should this not be possible, the law of the country of the LP shall apply.

In case of amicable resolution of disputes in the partnership, the JS/ MA may act as mediator.

§ 21 Termination

The partnership agreement must be terminated as a consequence of termination of the co-financing contract.

Following termination of the partnership agreement, the LP and PPs are still obliged to comply with all the requirements after closure, such as recoveries or document retention for audit and evaluation purposes.

Final Provisions

The European Commission's guidelines and the distributed financial and legal obligations are considered to be integral part of this contract between the Lead Partner and the Project Partners.

Should conflicting clauses or interpretation thereof between this agreement and the co-financing contract arise, the co-financing contract takes precedence.
